Report of Independent Registered Public Accounting Firm

The Plan Administrator and Participants
Mercedes-Benz USA, LLC
Employee Retirement Savings Plan

We have audited the accompanying statement of net assets available for plan benefits of Mercedes-Benz USA, LLC Employee Retirement Savings Plan (the "Plan") as of December 31, 2005, and the related statement of changes in net assets available for plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Mercedes-Benz USA, LLC Employee Retirement Savings Plan as of December 31, 2005, and the changes in its net assets available for plan benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented only for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2005 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Employee Retirement Savings Plan

We have audited the accompanying statement of net assets available for plan benefits of Mercedes-Benz USA, LLC Employee Retirement Savings Plan as of December 31, 2004. This financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the net assets available for plan benefits of Mercedes-Benz USA, LLC Employee Retirement Savings Plan as of December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

EMPLOYEE RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1 - General description of the plan:

The following brief description of the Mercedes-Benz USA, LLC Employee Retirement Savings Plan (the Plan) is provided for purposes of general information only. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a participant-directed defined contribution plan covering all nonunion employees, as defined, with Mercedes-Benz USA, LLC and its subsidiary and affiliated companies (the Company), which elect to participate in the Plan. Employees may participate in the Plan as of their date of hire. Mercedes-Benz USA, LLC is a wholly-owned subsidiary of DaimlerChrysler North America Holding Corporation and, ultimately, a wholly-owned subsidiary of DaimlerChrysler AG.

Participants may contribute up to 10% of their gross earnings, as defined, not in excess of \$210,000. Contributions of up to 8% of gross earnings may be either before-tax or after-tax dollars. Any contributions above 8% must be made in after-tax dollars. Such contributions are limited to the maximum amount permitted for Federal income tax purposes. The employees are always 100% vested with respect to their own contributions.

Participating employees age 50 and above may elect to make "Catch Up" pre-tax contributions to the Plan above the Plan's 8% pre-tax maximum. The maximum additional Catch Up contribution during the 2005 Plan year was \$4,000. Catch Up contributions are not matched by the Company.

The Company matches 75% of employees' contributions up to a maximum of 8% of gross earnings. The Company contributions, which begin after one year of service, together with the earnings or losses on these contributions, will be available to the employees at withdrawal time only to the extent they are vested. All Company contributions will become fully vested in the event of a participant's death, early retirement at age 55, total and permanent disability, or the attainment of age 65 (normal retirement date). Otherwise, Company contributions for each year will vest at the rate of 20% per year of service for the first five years of service. After an employee has attained five years of service, all current and future contributions are immediately vested. Forfeiture of non-vested participants' Company contributions reduces the Company contribution in the year of forfeiture. Forfeitures were \$48,089 for 2005.

**MERCEDES-BENZ USA, LLC
EMPLOYEE RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1 - General description of the plan (concluded):

Once reaching the age of 59-1/2, a participant can withdraw all before-tax contributions including earnings for any reason. A partial or total withdrawal (including vested Company contributions) of a participant's after-tax contributions may be made on any valuation date or as soon as administratively feasible thereafter. If participants choose to make a total withdrawal, their participation in the Plan is suspended for two years. In addition, participants may withdraw before-tax contributions in the event of a financial hardship in the amount equal to their immediate financial need. Hardship withdrawals will be processed as soon as administratively feasible following approval by the Savings Plan Committee and in most cases the withdrawal will be subject to Federal income taxes.

Employees may elect to have their contributions and the applicable matching Company contributions invested in the Equity I Fund, Global Balanced Fund, Fixed Income I Fund, Money Market Fund, Small Cap Fund, Growth Fund, Russell 1000 Index Fund, Value Fund, International Fund and the DaimlerChrysler Stock Fund (collectively, the Trust Fund), or a combination of the ten funds. Income of each fund is reinvested in that fund.

The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to continue or amend the Plan, revise the rate of Company contributions or terminate the Plan at any time. If terminated, the assets of the Plan will be distributed to the participants and beneficiaries in the order and manner prescribed in ERISA. The Trust Fund is administered by an independent trustee, Frank Russell Trust Company, under an agreement with the Company.

The Plan is administered by the Savings Plan Committee appointed by the Company's Board of Directors.

Note 2 - Summary of significant accounting policies:

Basis of accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**MERCEDES-BENZ USA, LLC
EMPLOYEE RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of significant accounting policies (continued):

Investment valuation and income recognition:

Investments in securities and commingled employee benefit funds are valued at the fair market value on the last business day of the year based on quoted market rates from national stock exchanges. Participant loans receivable are valued at cost, which approximates fair value. With respect to pooled funds, the Plan shares in the gains or losses according to the percent of the Plan's assets to the total assets of the fund. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Loans:

Participants may borrow from their individual participant accounts up to a maximum of the lesser of \$50,000 or 50% of the market value of their vested balance. The interest rate used in calculating repayments is the prime rate plus one percentage point and rates range from 5.00% to 10.5% as of December 31, 2005. The interest rate is fixed at the time of loan origination and remains unchanged for the life of the loan. The interest paid by the participant is credited to the participant's retirement savings account. The loans have maturities of one to five years or up to fifteen years for the purchase of a principal residence. Loan repayments for principal and interest are made ratably as individual payroll deductions during each regularly scheduled pay period. Loan transactions are treated as a transfer to (from) the respective fund from (to) the participants' loans receivable fund. The loans are secured by the balance in the participant's account.

Distributions:

Distributions to Plan participants are recorded when paid. The benefit distribution to which a participant is entitled is that benefit which can be provided from the participant's vested account balance.

Expenses of the plan:

Expenses incurred in the administration of the Plan and the trust are generally charged to and paid by the participants.

Concentration of risks and uncertainties:

The assets of the Plan are primarily financial instruments which are monetary in nature and concentrated in investment securities. As a result, interest rates have a more significant impact on the Plan's performance than the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the Consumer Price Index. Investments in funds are subject to risk conditions of the individual investment or fund objectives, stock market fluctuations, interest rates, economic conditions and world affairs. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**MERCEDES-BENZ USA, LLC
EMPLOYEE RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of significant accounting policies (concluded):

Financial instruments:

The fair values of the receivable for investment income and securities sold, accrued expenses and the payable for securities purchased approximated the carrying values at December 31, 2005 and 2004 due to the short maturities of the instruments.

Note 3 - Tax status of the plan:

The Plan has received a favorable determination letter from the Internal Revenue Service dated August 26, 2003, which stated the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and are tax exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Note 4 - Investments:

The following table presents all investments that represented 5% or more of the Plan's net assets:

	December 31,	
	2005	2004
Frank Russell Trust Company Commingled		
Employee Benefit Funds:		
Equity I Fund	\$72,524,137	\$70,809,297

Fixed Income I Fund	24,021,694	26,061,583
Money Market Fund	15,315,494	13,137,546

During 2005, the Plan recognized interest income of \$616,834, which includes interest on participant loans of \$160,338. During 2005, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Frank Russell Trust Company Commingled Employee	
Benefit Funds:	
Equity I Fund	\$ 5,994,584

NOTES TO FINANCIAL STATEMENTS

Note 5 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

Note 6 - Related party transactions:

The Plan's investments are in securities and shares of commingled employee benefit funds managed by Frank Russell Trust Company, the trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

As of December 31, 2005 and 2004, the Plan held 32,621 and 26,221 shares of DaimlerChrysler Stock Fund with fair values of \$1,731,062 and \$1,259,919, respectively. The investments in qualified employer securities represent less than 10% of Plan assets at December 31, 2005 and 2004.

Note 7 – New accounting standards not yet adopted:

The Plan is not aware of any new accounting standards not yet adopted that would impact the Plan's 2006 financial statements.
